Lung Capacity (Breath Hold)		45 Secs >	Seems Good Breath Holding Capacity / Seems Poor Breath Holding Capacity (Emoji)
Fasting Or Ransom Blood Glucose		70 - 100 mg/dl or < 200 mg/dl	Seems Normal Fasting Blood Glucose / Seems Pre-Diabetic Condition / Seems Diabetic (Emoji)
Total Cholesterol		< 200 mg/dl	Seems Normal Random Blood Glucose / Seems Pre-Diabetic Condition / Seems Diabetic (Emoji)
Medication			No Medication / Well controlled / Need re-assessment for associated factors

Health & Lifestyle Parameters

Medical Profile:
Seems Good & Satisfactory Profile.

Overall Health Profile:
Seems Good & Satisfactory Profile.

Nutrition Profile:
Seems Good & Satisfactory Profile.

Fitness Profile:
Seems Good & Satisfactory Profile.

Stress Profile:
Seems Good & Satisfactory Profile.

Dependency Profile:
Seems Good & Satisfactory Profile.

Occupational Parameters

Eye Color
Seems Normal

Eye Refraction Near
Seems Normal

Eye Refraction Far
Seems Normal

Ear Hearing
Seems Normal

Lungs Capacity
Seems Normal

Disclaimer: (Displayed on the bottom of first page of CWP health report) The Health Risk Evaluation Tool (HRET) provides an indication of your current health status based on the information you provide. It offers preliminary insight into potential health risks and chronic disease complications and does not replace medical evaluation or a doctor's advice.
